Foreword

by SMC Chairman, Dr Soon Kong Ann

Happy 70th birthday to Mee Toh School!

Venerable Kong Hiap founded Mee Toh School in 1954 when he saw the need to educate the children staying in the neighbourhood of Leong San Temple where he was the Abbot. Today, after 70 years of school-building, I am proud that Mee Toh School is a well-established school in Punggol, known for her quality holistic education that nurtures Mee Tohians with good character. I am heartened to see that as Mee Toh School evolves to meet the changing education landscape to prepare our young for the future, we have also preserved our heritage well.

We take heart that this 70-year journey is not without its challenges. We stand on the shoulders of giants. Besides our Founder, there are many in the Buddhist community, dedicated principals and staff, parents, stakeholders and partners in education, who have worked hand in hand to bring out the best in every Mee Tohian who enters her school gates. My sincere appreciation goes out to our Buddhist community, the School Management Committee, Principal and staff, Alumni Association, Parents as Teacher Helpers, parents and partners for your dedicated support.

Enjoy the performances and celebrations!

Foreword

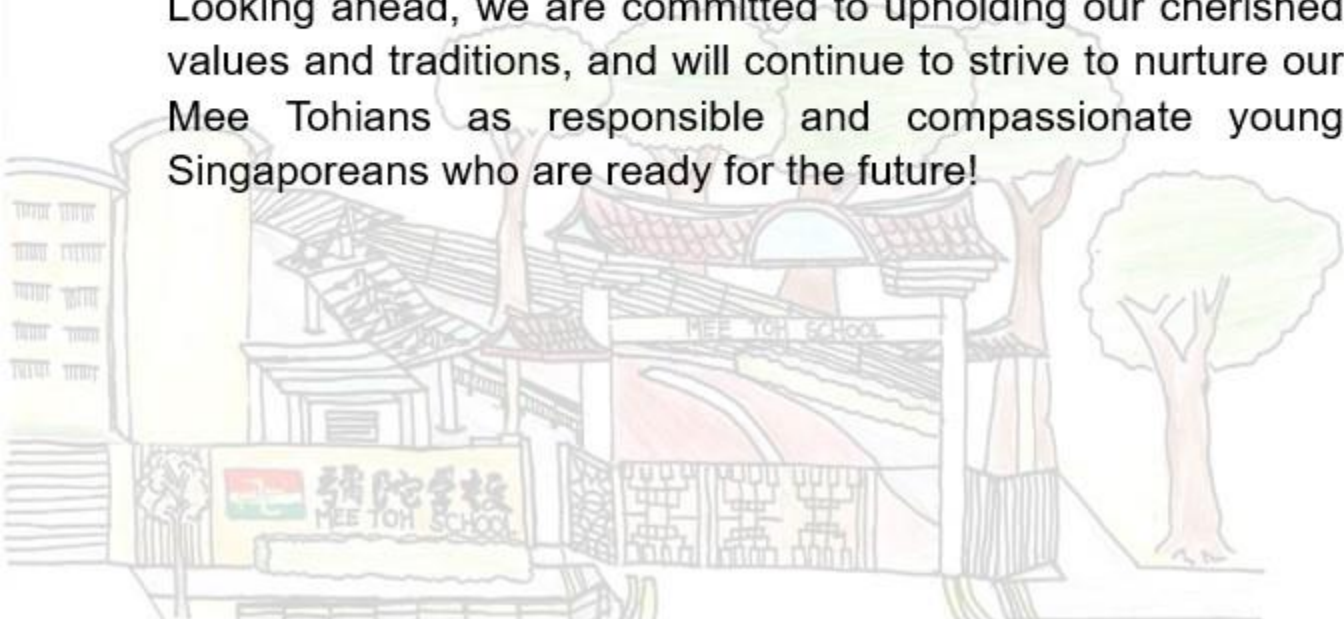

by Principal, Mrs Wang-Tan Sun Sun

Welcome to Mee Toh School's 70th Founder's Day and Vesak Day Celebrations!

Our theme for the 70th Anniversary is “**Our Legacy Inspiring Our Future** (承先启后续辉煌)”. We hope that our students will better appreciate our unique Mee Toh heritage, so they are inspired to realise their dreams anchored on our Mee Toh School motto of 慈良清直 (Compassion, Conscience, Purity, Righteousness).

As we gather to celebrate this significant milestone, we reflect on the collective and selfless contributions of visionary leaders, dedicated staff, supportive parents, stakeholders, and partners who have shaped our Mee Toh story. Their unwavering dedication has been instrumental in making Mee Toh School what it is today.

Looking ahead, we are committed to upholding our cherished values and traditions, and will continue to strive to nurture our Mee Tohians as responsible and compassionate young Singaporeans who are ready for the future!

Foreword

by Principal / MTS, Mrs Wang-Tan Sun Sun

I would like to express my gratitude to our School Management Committee, Mee Toh School Alumni Association, parent support group, PATH, Fo Guang Shan (Singapore), Kong Meng San Phor Kark See, staff, students, parents, and stakeholders who have contributed to making our celebrations meaningful and memorable.

Here's to many more good years for Mee Toh!

We Celebrate!

School History Documentary, Our Legacy Inspiring Our Future

The documentary captures the human-interest stories of our school's stakeholders and key milestones in our school's 70-year journey. This documentary will complement our School Heritage Centre as resources for our unique School History Curriculum.

Math Week – Special 70th Anniversary Activity

As part of our annual Math Week, students were challenged to find fun mathematical facts about Mee Toh School. For example, on the topic of timeline, they put together Mee Toh and their own milestones into one timeline!

70th Anniversary Art Competition

These artwork feature our school through the lenses and creative hands of our Mee Tohians. If you take a look at your goodie bag, you will see a notebook within. The cover of the notebook is also drawn by our student from this Art Competition!

MTS Family Fun! Challenge – Special 70th Anniversary Edition

A PE-PATH collaboration, the *MTS Family Fun! Challenge* encourages the big Mee Toh Family of students, staff, stakeholders and families to celebrate our 70th Anniversary through activities which promote family bonding and a healthy lifestyle. Seven activities are designed around the MRT stations along the North East MRT line, starting from Farrer Park MRT and ending with Punggol MRT. This route is chosen for its symbolic representation of our journey from the Mee Toh School campus at Race Course Road to our current location at Punggol.

We Celebrate!

Reading Challenge – 70 Books in 70 Weeks

As part of our continual efforts to nurture the love for reading, prompts were created by teachers for all our students to hunt for reading materials and books of different genres and themes. They are challenged to complete reading 70 Books in 70 Weeks!

70th Anniversary Edition of Composition Publication

One of the writing practices for all our students is designed around the theme of school life in Mee Toh School. Teachers designed themes and photo prompts to get our Mee Tohians to write about their schooling experiences and aspirations.

Environmental Sustainability – 70th Anniversary Memorabilia

As part of our environmental sustainability efforts, we adopt a whole-school approach to recycling and we have made this part of our weekly routines for each and every Mee Tohian.

We have made a special 70th Anniversary commemorative coaster, from the Type 2 plastics collected by the entire school community since last year. We collected a total of 150kg of Type 2 plastics – well done Mee Toh School!

We Celebrate!

The event was very fun! We learnt to be more resilient as the script went through many revisions and we needed to adapt quickly to the changes. We also learnt to be more confident when we speak and overcame stage fright especially since we were going to speak in front of many important people too. We feel ecstatic and proud to be able to take part in this special event!

The piece <奋勇前进> - is about moving forward with conviction and success. This song is meant to inspire all Mee Tohians to persevere towards our goals with passion, diligence and resilience. With determination, our dreams can be fulfilled!

我在弥陀华乐团里负责吹笛子。为了在青年节的比赛中为学校争光，从去年开始，华乐团就开始勤奋练习。虽然在这个过程中，我们遇到了重重困难，如：跟不上指挥的拍子；音准出现问题；记不住乐谱.....可是，团员们彼此鼓励，积极参与练习，终于能完整、流畅地把两首参赛曲目演奏出来。这是每一位成员努力的成果。我深深感受到我们的团魂和坚持不懈的精神。我为此深感自豪。

I play the flute in our Chinese Orchestra. We started practicing diligently last year. Although we had challenges with tempo, intonation and memorization, we encouraged each other and persisted. Eventually, we performed both pieces smoothly, showcasing our team spirit and determination. I am very proud of our collective effort.

70TH Anniversary Musical

A group of friends are preparing for a once-in-a-lifetime round-the-world study holiday. In a rather strange turn of events, they are transported to key moments in the past, where they discover surprising and inspiring stories from Mee Toh School's history. Whilst in the past, they are able to reflect on their dreams and aspirations. In the process they learn to be more resilient, and to overcome the challenges they face on their journey and in their everyday lives.

I feel that this musical helped me to grow as a performer. I have learnt new skills and made new friends. I now have developed greater self-management skills and I had a wonderful time participating in the musical!

All thanks to the teachers and my friends.

The song features the sounds and magic of nature in Singapore and conveys the hope that our young people will grow to live fulfilled lives and make responsible decisions in their pursuit of happiness.

The Singapore Youth Festival training is quite intensive. Every Tuesday and Thursday, we will have choir rehearsals to practise our three songs. At each session, we work on improving different components. Although it is a tiring journey, it is also a most enjoyable one. At the end of each session, we find the learning to be very fruitful. Our choir teachers and our instructor have indeed put in a lot of effort for us. Our choir mates also share that although they find the SYF journey nerve-racking, it is also very exciting. They also enjoy adding different elements, such as facial expressions and body posture, into the songs to make them come alive.

Embroider's Dream

This dance incorporates the Qian Drum as its inspiration and relies on the four famous Embroidery cultures to blend traditional Qian Drum movements with the dynamic nature of embroidery. As the dancers perform, the girls' hands move gracefully and delicately, like blooming flowers in the bright spring, embroidering their hopes and aspirations for the future life.

It's Mee Toh School's 70th Anniversary this year, and all Performing Arts CCAs would be involved. As a member of Chinese Dance, this meant that I would be performing in the biggest school event of the year! When I knew about this opportunity, I felt a mixture of excitement and nervousness. Being part of such a significant event was thrilling, but the pressure to perform well weighed heavily on me. Initially, I was both eager and apprehensive about performing. Eager because I saw it as a chance to showcase my skills and contribute to this special occasion, but apprehensive because of the expectations and the fear of making mistakes in front of a large audience. To prepare for the performance, I ensured I attended every CCA session, rehearsing with my teammates to synchronise our movements. Through the preparation for the event, I learned the importance of dedication, teamwork, and resilience in achieving success.

An upbeat groovy dance inspiring everyone to embrace their passion, with confidence and grace. As we move and groove with our dancers, we are reminded of our own youth and childlike spirit to keep on moving even when times get tough. Let's dance through the vagaries of life.

When I first heard from my CCA teacher, that I would be performing for the 70th Anniversary Celebration, I was very excited and scared at the same time. I was scared because I was afraid that I would not be able to do to my best. During my preparation, when I faced challenges such as not being able to dance certain steps, I would ask my teachers and friends for help and advice. After many hours of practice in school and at home, I have grown in confidence.

I am now excited and confident. I have learnt that we must work together as a team. I have also learnt not to give up easily and believe in ourselves as we have practised and put in a lot of effort. I hope to leave the stage of the 70th Anniversary Celebration with happiness and confidence.

Candra The Moon

Drawing inspiration from the moon's mystique, the fusion of traditional Malay dance with contemporary elements embodies the beauty and resilience of a culture, while also reflecting the challenges of the modern world. Each movement symbolizes hope and perseverance, illuminating the darkest corners with a glimmer of light. This dance celebrates the beauty of tradition, the timeless allure of the moon, and the enduring values of hope, strength, and courage.

I felt proud when I was selected to participate in the Singapore Youth Festival (SYF) 2024. I thought this would be my final big performance, as I am in Primary 6 and will step down from my CCA in July.

When I learned that I would also be part of the musical performance for Mee Toh School's 70th Anniversary, I felt even more proud and excited. This is a significant event, and I will put my heart into my performance and give my best.

My CCA has taught me many things, such as teamwork, confidence, and resilience. I hope I have made my team members, teachers, and family proud by giving them my best performances throughout my CCA years.

This is especially because this is going to be our last performance together as a Diabolo CCA before we graduate from Mee Toh School. Even though we faced setbacks during rehearsals, we tried our best not to give up. During these setbacks, we learned to overcome them by talking it out and resolving any issues between us, and to try different ways of solving the issues or challenges that we face. I am deeply grateful for the chance to contribute to our school's 70th anniversary festivities. This event allows me to highlight the skills I've honed as a Prefect at Mee Toh School. By excelling as an usher, I aim to instill confidence in parents considering enrolling their children here, ensuring they too can enjoy the enriching school experience I've had.

One Mee Toh, Forever More

VERSE

We learn lessons from the past,
As we build our future
Working hard to make a better place.

*Lyrics by Brian Seward
Edits & additional lyrics by Karen Lim
and Sabrina Tay
Music by Lynne Huang
Music Arrangement by Christine Sham*

We remember the ones
On whose shoulders we stand
We'll do the same for the young who are to come....

BRIDGE

*The road ahead may be tough and steep
But we won't give up, we will surely find our feet*

CHORUS

All the people that we meet...
All the things that we see...
The lessons we've learnt will bring us to our hopes and dreams

No matter rain or shine
United, we'll be fine
Let us care for one and all,
One Mee Toh, forever more!

VERSE

Each and every step we take
As we grow on this journey
We will never forget the stories of our past.

We remember the ones
On whose shoulders we stand
We'll do the same for the young who are to come....

CHORUS

All the people that we meet...
All the things that we see...
We'll build a brighter future with our hopes and dreams

No matter rain or shine
United, we'll be fine
Let us care for one and all,
Let compassion, kindness be our call
With Mee Toh as our guiding light
Tomorrow will be forever bright!
Our tomorrows will be forever bright!
