

Guide to Apply as a Foster Parent

The foster parent application requires **both** main applicant and co-applicant to create separate SG Cares accounts.

Please decide between you and your spouse who will be the main applicant. MSF and the Fostering Agencies will primarily communicate with the main applicant for all matters relating to the fostering application and subsequent administrative processes after approval as foster parents. Please also note that the fostering allowance will only be credited to the main applicant's bank account.

We **recommend that both the main and co-applicant creates the SG Cares account before starting the fostering application** for a smoother process. Here is a quick overview of how the online application works:

Step 1. Go to volunteer.gov.sg, click on the LOGIN or SIGN UP button.
Important: Both main and co-applicant are required to sign up for your own SG Cares account.
