
Lorong AI
Co-work. Connect. Collaborate.

Lorong AI

ABOUT US

"**Lorong AI**" is the pilot for Singapore's Iconic AI Hub where AI practitioners, creators and talents across **government, industry, and research** connect.

Launched in January 2025 at 22 Cross Street with a dedicated space for **co-working** and **programming**, providing a conducive space for the AI ecosystem to thrive and shape the future of AI in Singapore.

AN OVERVIEW OF LORONG AI TILL DATE

300+
Core Members
Across government, industry and researc h sectors

8,500+
Community Network

3 out of 5
Practitioners

200+
Events and Programmes

97%
Satisfaction Rate

12+
Collaborations facilitiated

“Lorong” is a Malay word that translates to "alley" or "lane" in English, evoking a sense of connection, exploration, and community.

In a fast-paced and ever-evolving field like AI, the need for regular exchange of ideas and insights is critical.

Lorong AI provides a dynamic space where AI practitioners connect, share knowledge, and grow through curated programming and collaborative environment.

What does a Lorong AI membership unlock?

Co-Work with Govt, Industry and Research

- Access a **diverse network** of government, industry, and researchers, driving **cross-sector innovation**.
- Opportunities to **collaborate** on live projects that bridge research and real-world application.

Exclusive Programs

- Participate in **exclusive events**, workshops, led by top AI practitioners, tailored to emerging trends and real-world challenges.
- Invite-only sessions, shared insights, and unique Lorong AI tools and resources.

Lorong AI

Our network of members, affiliates, ecosystem partners

300+ paying members spanning government, industry, and research, alongside an expanding network of ecosystem partners.
