- i. In accordance with section 104 and 105 of the Patents Act and the Patents (Patent Agents) Rules 2001, an individual will have to meet the statutory requirements before the Registrar proceeds to register him/her as a patent agent. One such requirement is the passing of the Patent Agents Qualifying Examination (Papers A to D) conducted by the Intellectual Property Office of Singapore (IPOS).
- ii. The Registrar has thus established an **Examination Board**, an **Examination Committee** and an **Examination Secretariat**, in order to assist him in the conduct of the Qualifying Examination:
  - (a) an **Examination Board** comprising four members (including the Registrar, who shall preside as Chairman), each either being:
    - An advocate and solicitor; or
    - A patent agent or equivalent, either registered in Singapore or in the countries, territories or patent offices mentioned in the Fourth Schedule to the Patents (Patent Agents) Rules 2001.

The Examination Board shall deliberate and decide on all matters and issues submitted to its attention by the Examination Committee or Examination Secretariat. In addition, it shall consider the recommendations put forth by the Examination Committee on each candidate's performance subsequent to the marking of his/her answer scripts and shall decide accordingly. When the performance of all the candidates has been duly considered, it shall proceed to inform the Examination Secretariat of the results of all the candidates.

- (b) one or more **Examination Committee member(s)** shall prepare and mark the Qualifying Examination Papers according to the requirements as specified by the Examination Board. Members of the Examination Committee include both Primary and Secondary Examiners.
- (c) an **Examination Secretariat** which may include officials from IPOS shall assist the Examination Board in the conduct of the Qualifying Examination.
