***Mitos Peribumi Malas* by Syed Hussein Alatas**

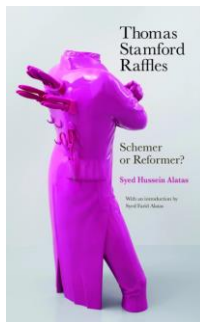

The Myth of the Lazy Native is Syed Hussein Alatas' widely acknowledged critique of the colonial construction of Malay, Filipino and Javanese natives from the 16th to the 20th century. Drawing on the work of Karl Mannheim and the sociology of knowledge, Alatas analyses the origins and functions of such myths in the creation and reinforcement of colonial ideology and capitalism. In this resource package, you will get to know more about how these myths persist even till today as well as the current discourse on decolonization.
