Your passwords stay the same

- [Login with Edupass](#) uses your existing MIMS password.
- [Login with SLS](#) uses your existing SLS password.
- There is no mass password reset.
- The two passwords remain separate; changing one does not change the other.

4

Edupass login to SLS does not require MFA onboarding

- A student who has not set up MFA can still select [Login with Edupass](#) and use their existing Edupass username and password.
